

APC InfrastruXure manager\25 node license network management device

Brand : APC

Product code: AP9420

Product name : InfrastruXure manager\25 node license

InfrastruXure manager\25 node license

[APC InfrastruXure manager\25 node license network management device:](#)

Deploy in minutes, maintain for nothing, manage from anywhere.

InfraStruXure Manager Appliance is a browser-accessible, user-friendly tool that makes management of your entire APC network-critical physical infrastructure easy. It enables the quick assessment of your present situation and notifies the appropriate personnel should situations that threaten availability occur. Analysis features help you to plan for changes in availability, power, runtime or cooling requirements. Reduce the complexity of your network-critical physical infrastructure by managing your APC devices from a single console or by integrating InfraStruXure Manager into your preferred management system
