ASUS P5gd2-x Intel® 915P Express LGA 775 (Socket T) ATX:

Although Intel's 925X, 915P and 915G chipsets claimed to only support DDR2 400/533, ASUS engineers successfully unleashed their true potential. This model offers native DDR2 600, eliminating the bottleneck when overclocking both the CPU and memory. With current processors supporting 800MHz FSB, ASUS motherboards, the only solutions with native DDR2 600, will provide superior performance for the most demanding applications.
