Brother HSE-231 cinta para impresora de etiquetas TZe:

Recomendada para electricistas e instaladores para el etiquetado e identificación de cables y conexiones. Diseñada para etiquetar cables. La etiqueta sale del equipo en forma de tubo y se coloca sobre el cable a señalar, pasando el cable por el cilindro interior, antes de que está terminado o fijado. Una vez colocado el tubo, se usa una pistola de aire caliente para que ajuste y quede adherido al cable de forma permanente.

Utilizable en los equipos que muestran el logotipo HG y HGe.
