

## Kensington K60604WW-SP cable antirrobo Negro

**Marca :** Kensington

**Código del producto:** K60604WW

**Nombre del producto :** Candado fino de combinación NanoSaver™ para portátiles

Candado fino de combinación NanoSaver™ para portátiles

[Kensington K60604WW-SP cable antirrobo Negro:](#)

En los finos portátiles de hoy en día que cuentan con ranuras de seguridad nano, es posible utilizar candados de cable típicos, pero, son tan finos que, cuando tienen un candado fijado, no pueden permanecer en posición horizontal porque el grosor del candado es superior al del portátil, lo que provoca que quede desequilibrado respecto a la superficie. El candado fino de combinación NanoSaver™ para portátiles es la solución de bloqueo sin llave más resistente que permite que los portátiles ultrafinos y 2 en 1 con ranuras nano para candados permanezcan en una posición estable y horizontal. Kensington K60604WW-SP. Color del producto: Negro, Mejores usos: Computadora portátil, Tipo de candado: Cerradura con combinación

### Características
