- Suitable for connection with the Solar heater dome 5 liter and the Solar heater dome pro 9 liter
Solar Heater Dome Bypass Kit (4 pcs)

Interline Solar Heater Dome Bypass Kit (4 pcs):

To regulate the water flow through the hoses we advise you to order a bypass kit. With the taps you can easily dose the water flow. For example, you close the tap in the evening so that the water goes directly back to the pool and when you apply the chemicals you open the tap completely for the best flow. You can also influence the heating and cooling of the water by using the taps.
